

Week 5 Reading and Exercises
STT 421: Summer, 2004
Vince Melfi

Here are reading assignments and exercises we'll be covering during the week of June 13th. The assignments are listed on the days we'll be covering the material in class. Unless I explicitly indicate otherwise, you can always skip the "beyond the basics" sections.

Monday, June 14

- Sections 6.2-6.3. (We'll skip Section 6.4.) Exercises are 6.31, 6.35, 6.37, 6.41, 6.45, 6.49, 6.53, 6.63, 6.69, 6.74, 6.75.

Wednesday, June 2

- Section 7.1. Read up to (but don't include) *The power of the t test* on p. 505. Exercises are 7.1, 7.3, 7.5, 7.13, 7.29, 7.30, 7.33, 7.43.

Friday, June 4

- Section 7.2. Read up to (but don't include) *The pooled two-sample t procedures* on p. 537. Exercises are 7.59, 7.65, 7.71, 7.73, 7.75, 7.79, 7.81.

Homework

Because of the exam on Monday, June 21, there will not be any homework collected this week. The exam will cover through Section 6.1 of the text.
